

# About PACISOFT Vietnam

PACISOFT simplifies information technology by providing end-to-end capabilities and acting as a singular point of contact for hardware solutions and software licensing.

PACISOFT Vietnam is also leading and fast growing company delivering quality IT system distribution solutions. Started in 2010, PACISOFT works with medium to large sized system Integrators, over 63 province & cities and across Vietnam. Today, PACISOFT represents more than 100 leading IT vendors (Authorized & Direct Relationship Partner) with more than 10,000 products, including application software, CAD/CAM/CAE/3D-CNC computer systems, servers, workstation, notebooks, service networking products, storage, printers & supplies, other hardware.

PACISOFT believes in to be the most reliable and trusted IT distributor partner to our customers.

With more than six years of continuous effort, PACISOFT has expanded its business to industries including architecture, civil engineering, mechanics and manufacturing, among others, providing the most professional products and services to local CAD users.

PACISOFT dedicated teams serve organizations of every size and in specialized markets including:

- Small and Medium-Sized Businesses
- Enterprise
- SLED (State, Local, Education)
- Healthcare
- Retail & Hospitality
- Design, CAD/CAM/CAE/3D/CNC
- Communication, Entertainment
- Value-Added Reseller
- System Integrators, IT
- International procurement offices, design houses and dealers throughout Vietnam, Lao, Cambodia

## Find the software, hardware, and get more value

The direct relationships PACISOFT has with our software, hardware partners are important to bringing you maximum choice and availability at very competitive prices. Our experts are available to help you evaluate, acquire, deploy, and manage your software assets.
